

New England Otolaryngological Society

October 4, 2019

Massachusetts Medical Society

860 Winter St, Waltham, MA. 02451

Drugs

- 7:30-7:55 am Registration
- 7:55-8:00 Welcome – Wendy Stern, MD, NEOS President
- 8:00-8:20 Tufts University – **Samim Nassif, MD**
Marijuana in Head and Neck Cancer: A Budding Field
- 8:20-8:40 Boston University – **Taha Mur, MD**
No BRAFing matter: Tyrosine Kinase Inhibitors in Otolaryngology
- 8:40-9:40 *Aspirin-Exacerbated Respiratory Disease – Diagnosis and Treatment*
Tanya Laidlaw, MD
Assistant Professor of Medicine, Harvard Medical School
Director of Translational Research in Allergy
Brigham and Women's Hospital
- 9:40-10:00 Harvard Medical School – **Vivek Kanumuri, MD**
Novel Approaches to Inner Ear Gene Delivery
- 10:00-10:20 Break
- 10:20-11:35 *Advances in Inner Ear Drug Delivery and Synaptic Regeneration*
David Jung, MD, PhD, FACS
Massachusetts Mass Eye and Ear
Assistant Professor of Otolaryngology
Harvard Medical School
- Drugs for Sensorineural Hearing Loss: Insights from Vestibular Schwannoma and the Good, the Bad and the Ugly of Inflammation*
Konstantina Stankovic, MD, PhD, FACS
Massachusetts Mass Eye and Ear
Director, Division of Otology and Neurotology
Associate Professor of Otolaryngology, Harvard Medical School
- 11:35-11:55 University of Connecticut – **Ruwaa Samarra, MD**
Don't Blow It: The Role of Cocaine in ENT
- 11:55-12:15 Dartmouth- **Prashanthi Divakar, MD**
Novel Use of Chemotherapy Agent for Treatment of a Rare Hypopharyngeal Mass
- 12:15–1:15 Lunch/Mentoring
- 1:15–1:20 Announcements
- 1:20-2:30 * *The Opioid Epidemic: How We Got Here, How We End It*
Michael Botticelli, MD
Boston Medical Center, Executive Director
Grayken Center for Addiction
Director of National Drug Control Policy at the White House under President Obama
- Denis Lafreniere, MD**
Associate Dean of Clinical Affairs
Medical Director of UMG
Professor and Chief Division of Otolaryngology
- 2:30-2:45 Break
- 2:45- 3:05 Albany Medical College –**Dan Lee, MD**
Head and Neck Manifestations Following Chimeric-Antigen Receptor T-cell Immunotherapy
- 3:05-3:25 University of Vermont – **Sharon Li, MD**
The Many Noses of Opioid Abuse
- 3:25-3:45 Yale University – **Vishal Narwani, MD**
A review of the Current Evidence of the Use of Cannabis in Otolaryngology
- 3:45-4:00 Concluding Remarks

Officers

Wendy Stern, MD NEOS President

wendy.stern@ne.com

Andrew Scott, MD, President-elect

AScott@tuftsmedicalcenter.org

Stacey Tutt Gray, MD, Secretary/Treasurer

Stacey_gray@mei.harvard.edu

Program Objectives

- Learn to recognize acute eosinophilic respiratory disease as a distinct syndrome and understand the importance of selecting the right patient for an oral aspirin challenge. Become familiar with the literature on the utility of biologics in the care of AERD.
- Learn about recent advances of inner ear drug delivery for the regeneration of snhl
- Learn about the repurposing of current drugs for the treatment of vestibular schwannomas and other ear disorders
- Understand the historic and contemporary drivers of the opioid epidemic and how they contribute to higher morbidity and mortality. Become familiar with the evidence of effective training, practices or policies which effectively deal with this problem.

Program Overview

Today's physician has a base knowledge of the wide array of drugs to treat otolaryngologic conditions and the medications that their patients are taking which may impact their condition or treatment plan. The challenge of staying current with this body of knowledge is heightened in today's world of advanced research, new applications for existing drugs and drug innovation and made more difficult with so many competing responsibilities for our time. The opioid epidemic and the use of legal and illegal drugs alters our patient's presentations, disease process and morbidity thereby complicating our ability to provide quality care. This program will address these issues with special focus on AERD, otology, and the opioid epidemic.

AMA Credit Designation Statement

The New England Otolaryngological Society designates this live activity for a maximum of 6.0 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Accreditation Statement

The New England Otolaryngological Society is accredited by the Massachusetts Medical Society to provide continuing medical education for physicians.

This activity meets the criteria of the Massachusetts Board of Registration in Medicine for risk management study, denoted with an *.
